GETACHEW EKUBAY

AI Software Engineer | Full-Stack Developer

Addis Ababa, Ethiopia | +251 994 659 621 | getachewekubay8@gmail.com
github.com/Gech-E | linkedin.com/in/getachewekubay | getachewekubay.vercel.app

PROFILE

Computer Engineering graduate building end-to-end software and applied machine learning solutions. Experienced with Python and TypeScript, API design, full-stack development, recommendation systems, and computer vision. Interested in reliable, accessible products, practical AI and collaborative engineering.

TECHNICAL SKILLS

Languages: Python, TypeScript, JavaScript, SQL
Web: React, Next.js, Tailwind CSS, Node.js, NestJS, FastAPI, REST APIs
Data & AI: PyTorch, scikit-learn, recommendation systems, computer vision, RAG
Databases & tools: PostgreSQL, Prisma, Docker, Git, GitHub Actions, testing

PROFESSIONAL EXPERIENCE

IT Support Specialist (Freelance) | QUBOS LLC, Remote | Jul - Sep 2026

- Resolved software, hardware, and system issues remotely; explained technical solutions clearly to non-technical users.

Lead Machine Learning Engineer | MARCH Research Center, Ayder Referral Hospital | Feb - May 2026

- Worked on a clinical decision-support project and biomedical data workflows alongside technical and clinical collaborators.

Deep Learning & AI Instructor | Mekelle American Corner | Dec 2025 - May 2026

- Designed and delivered beginner-friendly lessons covering Python, neural networks, PyTorch, computer vision, and generative AI.

Junior AI/ML Engineer Intern | Memi Trading PLC | Jun - Oct 2025

- Developed an ML-driven supplier recommendation workflow using procurement data, feature engineering, and ranking logic.

SELECTED PUBLIC GITHUB PROJECTS

DevTrack | Next.js, NestJS, PostgreSQL, Prisma
Task and learning-goal management application with full-stack API, authentication, tests and CI.
github.com/Gech-E/DevTrack

Nexus LearnAI | Next.js, FastAPI, PostgreSQL
Offline-aware education platform for course workflows and assessments; AI features remain experimental.
github.com/Gech-E/NexusAI

Industrial Anomaly Detection | Python, PyTorch, PatchCore
Computer vision pipeline for anomaly scoring and visual heatmap localization.
github.com/Gech-E/Industrial-anamoly-detection

Vendor Recommendation System | Python, scikit-learn, FastAPI
Hybrid collaborative and content-based recommendation pipeline for matching products and vendors.
github.com/Gech-E/Vendor_recommendation_system

EDUCATION

B.Sc. Electrical & Computer Engineering (Computer Engineering) | Mekelle University | 2026
CGPA 3.93 / 4.00 - Great Distinction

ADDITIONAL

Languages: Tigrinya (native), Amharic (fluent), English (advanced).
Community: Founding Member & Club Coordinator, Born to Win Club, Mekelle University.
